Phone or Tablet Make _____

(EX. Apple, Motorola, Samsung)

Phone or Tablet Model _____

(Ex. Iphone, Ipad, Xoom, Galaxy Tab, EVO)

What kind of problem are you having with your phone or tablet? Physical Damage repairs include problems with cracked or broken screens, audio problems, scuffs and scratches on screen; or the top portion of your slider or flip phone loose or broken. Software issues can range in variety so be specific when describing your problem.

Example: (I cracked the glass/screen on my iPad and need to have it replaced. Or, I can hear people who call me, but they can't hear me!)
